VOLUME LVII.

ASTORIA, OREGON, FRIDAY, NOVEMBER 20, 1903.

NUMBER 41.

What's Your Style?

Do you like a regular sack suit, for business? Or the double breasted? Or the varsity?

All suitable; and if you say "Hart, Schaffner & Marx," all good and satisfactory, to you.

We show here the regular Hart, Schaffner & Marx double breasted sack; differs a little from the double breasted Varsity; both very stylish suits.

The best thing about Hart Schaffner & Marx clothes is you pay a little more for 'em than for some clothes; but you'll get a good deal more than you pay.

HOUSE HAS PASSED THE CUBAN BILL

Only Twenty-one Members Voted
Against the Measure When
It Was Called Up for
Disposition.

Dissenting Votes About Equally
Divided Between Republi-
cans and Democrats.

SPEAKER CANNON'S FAIRNESS

Entertains Democratic Appeal
From His Ruling That the
Amendments to Bill
Were Impossible.

Washington, Nov. 19.—The house today, by a rising vote of 235 to 21 passed the bill to make effective the Cuban reciprocity treaty. The dissenting votes were about equally divided between republicans and democrats.

The democrats, under the leadership of Williams, sought to secure amendments to the bill in accordance with the action of the democratic caucus, but were defeated steadily. Williams made a final effort when he tried to have the bill recommitted to the ways and means committee, with instructions to amend, but a point of order under the special rule providing for vote on the bill without an intervening motion was sustained.

Cannon received the applause of the democratic side when he entertained the appeal from his ruling made by Williams, the speaker saying he preferred to err, if he erred at all, in giving the house the right to express its will. The appeal was tabled by a strict party vote.

The debate began on Monday and was continued to within a few minutes of 4 o'clock, the appointed time to take a vote on final passage of the bill.

Williams closed the debate for his side and made an arrangement of the republican policy of protection. McCall, (republican) of Massachusetts, made the closing speech on the republican side. Announcement of the passage of the bill caused only a slight demonstration.

CUBANS ARE PLEASED.

Havana, Nov. 19.—Great satisfaction was expressed at the news that the United States house of representatives had passed the bill for reciprocity with Cuba.

DOWIE WANTS \$2,000,000.

Chicago, Nov. 19.—John Alexander Dowie, general overseer of the Christian Catholic church, has issued a call for \$2,000,000. The head of the Zion industries does not make the call in the form of a request for money or advice to his followers to take up that amount of additional stock which he is attempting to float.

"This is not my advice to you—whom God has committed to my care—it is my command as God's messenger and your leader," says the letter which is published in "Leaves of Healing."

"Realize by immediate sale the cash proceeds of all your properties, invest in Zion securities or Zion City," is the general command. The general overseer says that the need of capital is not due to a depression of the business of the Zion industries, but because the demand for Zion products is greater than the producing power of its present capital.

Terms of Treaty Are Made Kown

Our Government Promises Much
in Return for What Panama
Cedes to Us.

Washington, Nov. 19.—The Panama Commissioners, Dr Amador and Federico Boyd, today consulted with Minister Bunau-Varilla and Frank De Pavey, of New York, legal adviser to the legation. They read over the treaty signed yesterday by Mr. Hay and M. Bunau-Varilla, and discussed its terms and provisions in detail. It met their hearty approval.

Under the treaty the United States guarantees and agrees to maintain the independence of Panama. It is said that this clause was inserted in order to set at rest all questions as to the recognition of Panama as an independent nation by other governments.

The United States undertakes to construct modern systems of sewers, water works for the cities of Panama and Colon and has the right to collect tolls for a period of 50 years to repay the cost of construction. At the end of 50 years the sewers and water works become the property of Panama and Colon.

The republic of Panama cedes to the United States five miles on each side of the canal and three marine leagues at each terminal. The republic grants to the United States the right to exercise the same power and authority over such lands "as if it were sovereign."

The treaty provides also that the ports of Panama and Colon shall be free to the commerce of the world and that no duty shall be imposed except on merchandise destined for consumption into the republic of Panama, and on vessels which touch at Colon and Panama and do not cross the canal.

In another article the republic of Panama authorizes the Panama Canal Co. to sell and transfer its rights of concessions to the United States, as well as the Panama railroad, and all or part of the shares of that company. It is stipulated, however, that the property outside the canal zone owned by the company shall revert to the republic of Panama; that the canal, when completed, shall be neutral in perpetuity, and shall be opened on the terms provided for in section 1 of article III of the Hay-Panama treaty of November 18, 1901; that the republic of Panama shall have the right to transport over the canal its vessels, troops and munitions of war, at all times, free of charge; that the republic of Panama agrees to cancel any treaty with a third power which in any manner modifies or conflicts with this convention.

Relations Will Continue Same

Attitude of Catholic Church to
New Republic of Panama
to Be Friendly.

Panama, Nov. 19.—The relations of the republic of Panama and the Roman Catholic church will show no departure from those that exist between Rome and the Colombian government.

The minister of foreign affairs sent a cable dispatch today to Cardinal Merry Del Val, the papal secretary of state, in which he recited the fact that the isthmus had declared its independence; that a governor was in charge of the junta, and that the new republic had been recognized by several great powers. The minister begged the papal secretary to present his respectful salutation to Pope Pius X and expressed the wish that the vatican recognize the Panama republic.

PERU DEPLORES IT.

Lima, Peru, Nov. 19.—President Candamo, replying to a cablegram received from President Marroquin, of Colombia said:

"The separation of Panama, which my government deprecates, presents an apparently irreparable situation, in the presence of which Peru can only express regret at the loss suffered by an American republic with which it has always tried to maintain the most friendly relations."

Will Be Hanged This Forenoon

Governor Chatterton Has Ordered
Tom Horn Shot if Attack Is
Made on Jail.

Cheyenne, Wyo., Nov. 19.—The authorities here do not anticipate an attempt to rescue Horn tonight, but they have taken the most extraordinary precautions. The outside of the jail is heavily guarded by militiamen. Inside Sheriff Smalley, his deputies and half a dozen other Wyoming sheriffs assembled here for the execution stand ready to resist any attack. Preparations for the execution are complete, and unless the unexpected happens, Horn will be hanged tomorrow forenoon.

Governor Chatterton tonight requested the Associated Press to state positively that he had issued orders to the militia to shoot Tom Horn in case of an attack on the Cheyenne jail.

Horn was given letters from his two sisters tonight, one in Canada and one in Missouri. Their heartbreaking farewells failed to break down his marvellous composure.

Horn accepted religion tonight and prayed with Rev. Watson, who visited the prison with a choir. Horn realizes his position, and says he will die like a man.

WILL CALL OUT THE TROOPS

Four Hundred Men to Sent to
Telluride.

Denver, Nov. 19.—Governor Peabody states that troops will be ordered to Telluride tomorrow to guard the mines and mills there, so that the operators may make an effort to resume operations. The number of troops is in the neighborhood of 400. President Roosevelt had denied the request of Governor Peabody to call out the federal soldiers.

FEDERATION ACTS ON THE MILLER CASE

Asks President Roosevelt to Re-
move Foreman of Printing
Office Because He Is
Incompetent.

Declaration Is Made in Favor of
Union Shops in Public and
Private Business.

PANAMA CANAL IS FAVORED

Resolutions for Observance of
Chinese Exclusion Act in
the Philippines and
Hawaii.

Boston, Nov. 19.—The American Federation of Labor today disposed summarily of the "open shop" issue, as raised in the case of William A. Miller now employed in the government printing office at Washington, and the Miller case itself, by unanimously declaring in favor of union shops in government as well as in private enterprises, and by petitioning President Roosevelt to re-examine the evidence offered against Miller, and if verified, to remove Miller.

Although the resolution adopted presented the federation's view on both "open shop" and the Miller case, the issues were kept entirely distinct. The re-examination of Miller was not requested because Miller is a nonunionist, a circumstance formerly urged as the reason for his removal, but because the federation believes Miller to be totally unfit to be in charge of working people.

Resolutions were adopted favoring construction of the Panama canal by citizens of the United States; urging that the Chinese exclusion act be made to apply in the Philippines and Hawaiian islands; favoring woman suffrage and the election of the president and United States senators by direct vote of the people.

FOUND DEAD ON THE STREET

San Francisco Hop Buyer Come
to Mysterious End.

Oregon City, Nov. 19.—L. B. Saunders, buyer for a San Francisco hop firm, was found dead on the streets of Butteville this morning. There were two bullet holes in the breast, and a pistol was found near by. Saunders had spent the night playing cards in a saloon and started home after midnight from the fact that either wound would

prove instantly fatal it is believed murderer was committed, though motive for such crime is lacking. Saunders leaves a widow and eight children.

UNDOUBTEDLY MURDER.

Salem, Nov. 19.—The coroner returned tonight from Butteville, where he held an inquest in the Saunders case. The verdict of the coroner's jury was that Saunders had been murdered by unknown parties. The facts developed at the inquest indicate a well-planned murder. The purpose of the supposed murderers is not clear.

WILL OF "SCRAP IRON" KING.

Chicago, Nov. 19.—Mark S. Nathan the "scrapiron king," whose will has just been filed, left provision for the erection of a synagogue in Jerusalem. He also left instructions that land be purchased in the Holy City and dwellings erected for the free housing of the poor and deserving Jews. Out of a total fortune of \$120,000—made in the buying and selling of scrapiron—Mr. Nathan bequeathed \$46,000 to charity. The amount named for expenditure in Jerusalem was \$15,000. An equal sum was set aside for the erection of a Jewish hospital or asylum for Jewish orphans.

Death Penalty Must Be Paid

Peter Mortensen Fails to Receive
Clemency and Will Be Shot
the in Jail Yard.

Salt Lake, Nov. 19.—At a late hour tonight Governor Wells refused to interfere with the death sentence imposed on Peter Mortensen for the murder of James R. Hay, and before noon tomorrow Mortensen will be shot to death in the yard at the state penitentiary.

The decision of the governor to not interfere was reached after he and two other members of the board of pardons had listened to a long, earnest plea of the prisoner for a stay of execution in order that he might prove his innocence. He failed, however, to convince the board that he could produce such evidence.

STEAMER PROBABLY IS LOST

Fears for Discovery and the Sixty
Souls Aboard Her.

Seattle, Nov. 19.—It is believed that the steamer Discovery, which left Nome October 14 for Sitka, has been lost with about 60 souls.

The steamer Excelsior, which arrived from Sitka today, reported having seen one of the Discovery's life rafts. The Excelsior was last sighted off Yakutat October 28.

THIRTY-ONE ARE KILLED IN COLLISION

Frightful Loss of Life Attends the
Head-End Meeting of Freight
and Work Trains Near
Peoria, Ill.

Twenty of the Dead Are Unident-
ified, Mangled Beyond
Recognition.

FIFTEEN OTHERS INJURED

Accident Results From Confusion
of Orders and Statements
of Engineers Are
Conflicting.

Peoria, Ill., Nov. 19.—Thirty-one men were killed and 15 injured today in a head end collision between a west-bound freight train and a work train on the Cleveland, Cincinnati, Chicago & St. Louis railroad between Mackinaw and Tremont, Ill. The bodies have been taken from the debris, which was piled 30 feet high on the tracks.

All of the dead and most of the injured were members of the work train. The crews on both locomotives jumped to save their lives. The collision occurred in a deep cut at the beginning of a sharp curve, neither train being visible to the crew of the other until within 50 feet of each other. The engineers set the brakes, sounded the whistles and then leaped. The trains struck with such force that the sound was heard for miles around.

A second after the collision the boiler of the work train engine exploded, throwing heavy iron bars and timbers 200 feet.

Twenty of the unidentified dead are mangled beyond recognition.

The conductor who had charge of the freight train received orders at Urbana, it is said, to wait at Mackinaw for the work train. The freight did not stop. The engineer of the work train, George Becker, had orders, it is said, to pass the freight at Mackinaw and was on the way there.

Out of 35 men who constituted the crew of the work train, only four are living, and two of these are seriously injured. Wreckage is strewn along the track for 200 feet and 24 hours will elapse before it can be cleared away.

SUPPLIES FOR PANAMA.

Vallejo, Cal., Nov. 19.—Orders were received at the navy yard to prepare immediately a large shipment of stores to be forwarded to the ship of the Pacific squadron at Panama. Shipments are to be sent to the Pacific squadron by one of the Panama steamers.
